New Product Release – September 2014

Caterpillar® 3406C Vehicular Engine Applications

Interstate-McBee is now stocking Articulated Pistons for popular Caterpillar® 3406C Vehicular Engine applications. The M-1684540 forged steel Piston Crown is now available, as well as a new Ring Set part number M-RS1684540 for use with these piston crowns. The new crowns and ring sets are also offered in our Cylinder and Engine Kits. Contact Interstate-McBee for exact applications.

Be sure to use proper Piston Cooling Jets for 2 piece piston applications.

M-CK1684540P	Kit – Cylinder
MCIF1684540	Kit – Inframe*
MCOH1684540	Kit – Major Overhaul*
M-RS1684540	Ring Set

**Be sure to specify Engine or Machine Serial Number at
time of order to ensure proper engine Gasket Sets.*

New Product Release – September 2014

Caterpillar® C13 Engine Applications

Interstate-McBee is now stocking Cam Bushing part number M-1878969 for popular C13 engine applications. Also available is M-2937638 Gasket – Turbo Mounting. We continue to add to our C13 product offering so contact Interstate-McBee for exact applications and item availability.

M-1878969	Bushing Camshaft
M-2937638	Gasket – Turbo Mounting

Caterpillar® C9 Engine Applications

Continuing to expand on our offering for the popular C9 engine applications, Interstate-McBee is now stocking Inner and Outer Valve Springs. Part numbers include-

M-1906115	Spring – Valve – Inner
M-1906117	Spring – Valve – Outer

M-2418386	Spring – Valve – Inner
M-2418385	Spring – Valve – Outer

Caterpillar® D3500 Engine Applications

Interstate-McBee has improved coverage for Caterpillar® D3500 cylinder head parts with the addition of M-3165980 Seal – Valve Stem. This new seal is used in conjunction with M-3165976 and M-3165977 Valve Springs and M-3165978 and M-3165979 Rotocoils previously released. Contact Interstate-McBee for exact applications.

M-3165980	Seal – Valve Stem

New Product Release – September 2014

Caterpillar® 3406E and C15 Engine Applications

Interstate-McBee continues to add to our popular Custom Gasket set program with the addition of gasket sets for 3406E and C15 Generator Set applications. These sets include the injector seals and other gaskets needed to perform head replacement, inframe overhaul or major engine overhaul as required. Contact Interstate-McBee or download our latest Custom Gasket Set catalog at www.interstate-mcbee.com.

For 3406E Generator Set with Engine Serial Number– 8AZ1- Up, 9NN1-Up

MCB3406291	Gasket Set - Major Overhaul
MCB3406292	Gasket Set - Inframe Overhaul
MCB3406293	Gasket Set - Head Replacement

For C15 Engines with Engine Serial Number- FFH, FFJ, FTH, FTJ Generator Set Serial Number – C5E, NKL, X4R, C5H, PEC, C5L, 5NW, ZKA, CYY

MCBC15361	Gasket Set - Major Overhaul
MCBC15362	Gasket Set - Inframe Overhaul
MCBC15363	Gasket Set - Head Replacement

New Product Release – September 2014

Cummins® ISX15, QSX15 Engine Applications

The M-4026511 Rocker Cover Isolator is now available for the ISX15 and QSX15 engine applications built prior to 2001. New isolators should be used when updating to the M-3104392 Cover Gasket. Contact Interstate-McBee for exact applications.

M-4026511 Isolator - Noise

Interstate-McBee is now stocking two new Thermostats for ISX and QSX engines. The improved M-4318947 Thermostat features redesigned spring arms to support a higher force return spring. The flange seal utilizes a 3 piece construction elastomeric seal. Be sure to only use the M-4318947 Thermostat in single thermostat housing applications. For double thermostat housing applications use M-4336659.

M-4318947 Thermostat - Single
M-4336659 Thermostat - Dual
