

# HDXperts A/S

*Heavy Duty Gas & Diesel Engine Xperts*

## **Tradeshows:**

Together with Interstate-McBee Inc. USA, HDX will be participating in the BAUMA 2016 Exhibition, Munich – Germany, April 11 to 17.

We look forward to meet old customers, and establish relationship with new customers where we can explain the possibilities and options what the high quality engine parts from Interstate-McBee can bring to their businesses.

Stand number in the US Pavilion is C4.503/L

## **New products offered by HDX:**

We at HDX evaluate all the time what else than engine parts to offer our valuable customers, and at this time we want to present three new product groups as good supplement to our existing parts range.

- **Special Tools for Diesel and Gas Engines**

HDX is now able to offer special Engine Tools that are needed when repairing American made Heavy Duty Engines. Tools are designed and supplied by high quality American Tool Manufacturer.

- **Sea Water Pumps**

For Sea Water Pumps that are typically used and mounted on American made Heavy Duty Engines, HDX can now offer repair kits and also many complete sea water pumps at very competitive price.

- **Turbochargers**

HDX is now able to offer Holset® application turbochargers, typically used and installed on many Cummins® Heavy Duty Diesel Engines.
