New Product Release – May 2014

Additional Coverage on Cummins® ISX Fuel Injection Seal Kits

Interstate-McBee has expanded on the M-4025062 Single Fuel Injection O-Ring Kit by adding the **M-4025063** Fuel Injection Seal Kit. This kit includes all the O-Rings to install/replace all six injectors, as well as all the Spiral Pins and the Plunger Seals needed for injector maintenance.

M-4025063 Fuel Injection Seal Kit

Improved Cummins® C/ISC/ISL Valve Train Components Now Available

This new more robust Valve Spring (M-4936076), replaces the previous spring on 8.3 & 8.9L Cummins® models. Both the intake and exhaust valves utilize this new spring, except those units with exhaust valve rotators. The improved spring can be identified by the green stripes painted on both sides.

New Product Release – May 2014

Expanded Caterpillar® Product Line from Interstate-McBee

New Cylinder Head Bolts for Caterpillar® C12/C13 Engines:

M-1750454

Cylinder Head Bolt C12

M-2421811

Cylinder Head Bolt C13

M-2104460

Cylinder Head Bolt C13

These high strength bolts are required every time the cylinder head is removed from C12/C13 model engines. These bolts are produced in USA for consistent quality. Also added to our specialty fastener offering are the bolts listed below.

M-8T0644

Bolt – Belt Tensioner C15

M-1670867

Bolt – Engine Brake Mounting C15

M-2349508

Bolt – Engine Brake Mounting C15

New Product Release – May 2014

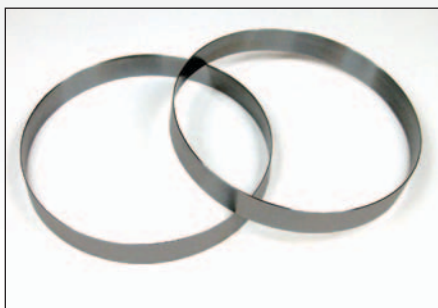

Expanded Caterpillar® Product Line from Interstate-McBee

M-3535995 Single Cylinder Liner Seal Kit

New Improved Cylinder Liner Seal & Seal Kit for Caterpillar® 3500 Engines:

The new Liner Seal Kit M-3535995 includes an improved top seal ring for installation on chamfered bore cylinder blocks. The kit contains all three lower liner seals, an improved upper seal which can be identified by its radius as well as the orange PTFE coating on the out board (OD) side of the seal. Also included is the original style band filler ring, identified by its all black coloring, to service the early non-chamfered cylinder blocks.

M-9Y0810 Rear Crank Seal Salvage Sleeve

Rear Main Seal Repair Sleeve for Caterpillar® C12/C13 Engines:

Interstate-McBee announces immediate availability of this improved Sleeve to be used in conjunction with M-7C1728 rear seal to salvage crankshafts that have experienced wear grooves at the rear main sealing area. When repair solutions are required think Interstate-McBee.
