CUMMINS®

ISX15 Inframe Kits

Interstate-McBee's impressive line of ISX products just got even better with the addition of new inframe overhaul kits for ISX15 CM2350 applications. These brand new kits are expertly assembled with the high quality components listed below. Both kits also feature APR (Anti-Polishing Ring) liners designed to prevent carbon buildup from accumulating on the cylinder walls.

Part Number	Description	Application	CPL
M-5579309	Kit - Inframe	ISX15	4342
M-5405829	Kit - Piston	ISX15	

Coming Soon

M-5579308	Kit - Inframe	ISX15	4343
M-5405828	Kit - Piston	ISX15	

Brand New Kits Include:

- **Forged steel pistons** with graphite skirt coating for strength and durability
- **Induction hardened cylinder liners** for increased wear resistance
- **Coated liner seals** for ease of installation
- **Hardened and tempered piston pins** for strength and wear resistance
- **Piston rings** made from alloy cast iron or steel where required
- **Overhaul gasket sets** manufactured from top grade materials to ensure a reliable seal
- **Rod and main bearings** featuring tri-metal construction for scuff resistance

CUMMINS®

ISX Remanufactured Turbochargers

Two turbochargers and one actuator have been added to our line of remanufactured VGT turbochargers for ISX applications. These turbo kits come complete with all the necessary mounting gaskets for ease of installation. When paired with our industry leading engine parts and fuel injectors, you can expect:

- Improved fuel economy for a more cost-effective operation
- Optimized engine performance for increased power and efficiency
- Controlled emissions for worry-free compliance
- Savings on time and money with a convenient one-stop shopping experience

Part Number	Description	Application
R-5351498	Kit - Turbocharger	ISX
R-5352145	Kit - Turbocharger	ISX
R-5501185	Kit - Turbocharger Actuator	ISX

DETROIT DIESEL®

DD15 Oil Pump

Our family of replacement products for DD15 engines continues to grow with the addition of our latest oil pump. Constructed from high quality cast aluminum, this pump offers the strength and rigidity needed for the most demanding applications. Unlike rebuilt pumps, our oil pump is brand new ensuring consistent and reliable performance out of the box. Our commitment to quality and customer service means you're covered in every scenario. For more information, don't hesitate to contact the experts at Interstate-McBee.

Part Number	Description	Application
A-A4721803901	Pump - Oil	DD15

DETROIT DIESEL®

Series 60 Fuel Pump

Interstate-McBee is offering a new fuel pump assembly for Series 60 EPA 2004 12.7L and 14L DDEC V engine applications. Our gear cover mounted pumps are manufactured to meet the highest standards of quality and durability, ensuring reliable performance and longevity. This assembly comes complete with the necessary o-rings for a hassle-free installation. This pump is brand new so a core return is not required.

Part Number	Description	Application
A-23535540	Pump - Fuel	Series 60

DETROIT DIESEL®

Series 60 Rocker Arm Shaft Assembly

Also for Series 60 applications, a new replacement rocker arm shaft assembly is now in stock. These new shaft assemblies are hardened and coated for durability under intense conditions and precisely machined for an exact fit. The parts experts at Interstate-McBee are happy to provide you with any additional part information you may need.

Part Number	Description	Application
A-23539928	Shaft Assembly - Rocker Arm	Series 60
