DETROIT DIESEL®

DD15 Inframe Kit

We've expanded our coverage for DD15 engine models with ESN 472.910. The new **A-A4720302817** kit contains a new piston with a modified combustion bowl that is designed to lower soot emissions. This new piston also has a slightly increased compression ratio for improved thermal efficiency. These forged steel pistons feature graphite coating on the skirt for reduced friction. The new **MCIF2817-032** inframe kit contains an Interstate-McBee custom gasket set with all the gaskets and seals needed for inframe overhaul. Contact Interstate-McBee for details.
